Subject: Needed Assistance for testing software.

Dear Danish,

I hope you are doing good. I am writing to ask you for the assistance to test software before handling to the client as I have faced myriad of challenges while developing so if I get your guidance and support then I would be grateful.

I have noticed that error is persistent, despite of all the required attempts made while using many tools available online; I am unable to continue my work . I have implemented strategies over threats but not achieved any results.

I would be grateful for your contribution ,support and experience.

Best Regards,

Vrunda Patel
